lika[®]

Smart encoders & actuators

lika lab

your customization

For more than **30 years** Lika designs and produces special encoder solutions.

Now we are proud to announce a **new business unit** which will run these activities under the brand **Lika-lab**.

Lika-lab will focus on special requirements & products of our customers worldwide.

Lika Electronic manufactures since 1982 **linear & rotary encoders** with optical & magnetic sensing technology, rotary actuators, encoder displays & signal converters.

Our sales team & partners have a global market presence.

90

Since **1990** Lika develops custom encoders according to the specific needs of its customers.

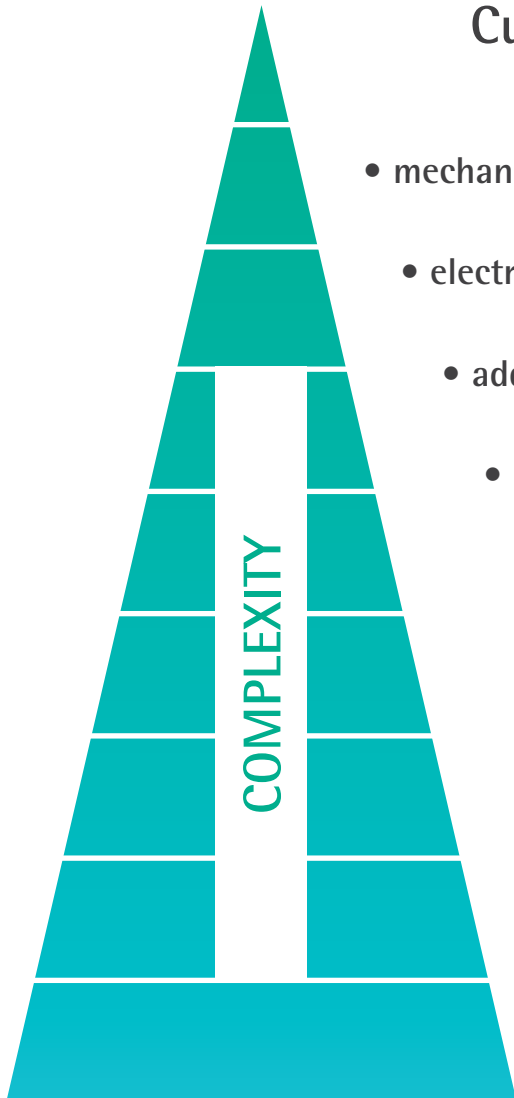

44% of the yearly turnover is generated by customized encoder solutions

44

300

More than 300 custom products are active in production

Customizations

- mechanical interface
- electrical interface
- added functions/parameters
- integrated kit encoders
 - double sensing/redundancy
 - connectivity
- vacuum versions
- ultra big hollow shafts
- endless linear sensing
- OEM solutions
