what's new in 2020

lika

IF11

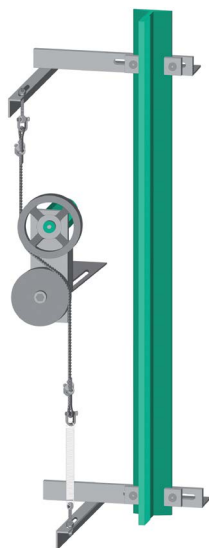

Changeover switch for SSI encoders

- SSI encoder signal splitter
- Works as master or slave unit
- Long distance data transmission

EM58

Fieldbus encoders with axial connectors

- Compact housing with axial connectors
- Shaft & hollow shaft versions
- Profinet, EtherCAT, Powerlink, Ethernet IP, Modbus

SC System

Shaft copy system with combined encoder

- Shaft copy system with incremental & absolute encoder
- For elevators & height measurements on cranes and storage systems
- Measurement length up to 150 meters

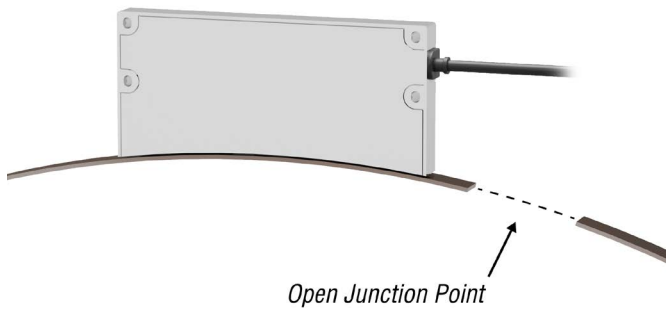

AMM31 & AMM36

KIT encoder single & multiturn

- precise optical sensing up to 23 bit
- through hollow shaft up to $\varnothing 10$ mm
- $\varnothing 35$ mm diameter, flat design
- for electromedical devices, servo-motors, robot joints

what's new in 2020

lika

SMAH2

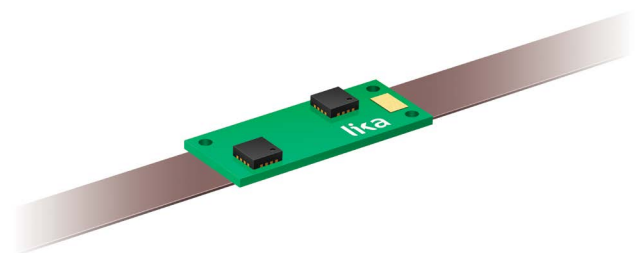

Absolute ring encoder

- ring encoder for diameters up to 2,6 m
- absolute contactless sensing
- resolution up to 20 bit
- for windgenerators, turbines and rotary tables

IF40-IF41-IF42

Signal converter for incremental & absolute encoders

- parameter setting via RS232 interface
- incremental to analogue version
- SSI to analogue version
- scaling and linearization of output

EPU Wi-Fi

Rotary actuator

- integrated positioning unit
- through hollow shaft up to $\varnothing 20$ mm
- for packaging, pharma & food processing machines

SOA1

Ultra compact linear Kit-encoder

- absolute optical sensing up to 3000 mm
- sub-micron resolution
- for surgey robots, linear motors and printers

Meet us

sps

smart production solutions

Nuremberg, Germany,

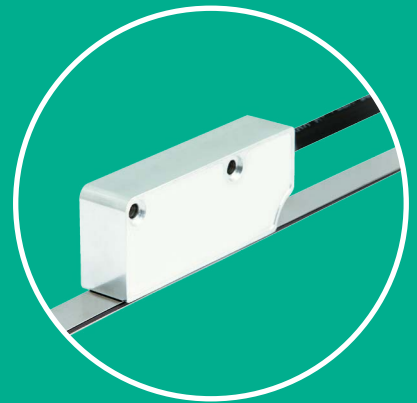

Product range

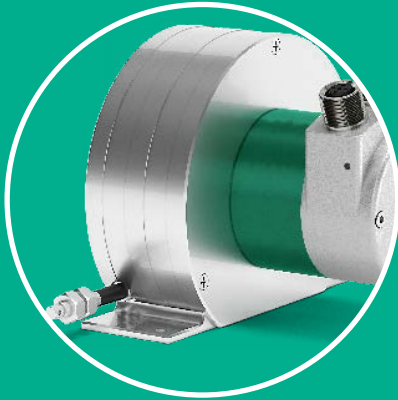

Rotary encoders

Kit encoders

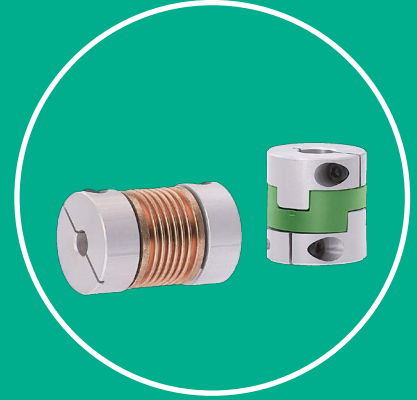

Linear encoders

Draw-wire encoders

Rotary actuators for format adjustment

Flexible and transmission couplings
