

# 2021

## Product news calendar

# lika

Gennaio | January

### ASC85

- Dual sensing for improved accuracy.
- 25 bit absolute encoder.
- BiSS-C, SSI, Incremental output.
- Ø50 mm through hollow shaft.

Febbraio | February

### SOIC

- Linear sensor for hydraulic cylinders.
- Incremental & absolute sensing.
- Analogue and digital interface.
- Measurement length up to 1500 mm.

Marzo | March

### CH59

- BLDC motor feedback encoder.
- Digital & sine/cosine output.
- CD commutation track.
- Resolutions up to 204800 PPR.
- Through hollow shaft.

Aprile | April

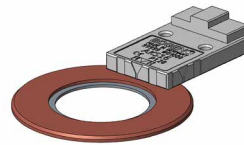

**HANNOVER MESSE**  
**DIGITAL**

HANNOVER MESSE DIGITAL  
12 - 16 April 2021  
Hannover · Germany

Maggio | May

### SMAR3

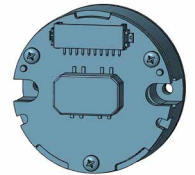

- Magnetic tape encoder.
- Absolute contactless sensing.
- Resolution up to 22 bit.
- Big diameter shafts up to Ø3000 mm.
- Direct installation on customer mechanics.

Giugno | June

### AMM33

- KIT-encoder for servomotor feedback applications.
- Absolute magnetic sensing up to 18 bit.
- Real multiturn counter (battery-less).
- BiSS-C, SSI & RS485 interface.

Luglio | July

**sps**  
smart production solutions

SPS ITALIA  
6 - 8 Luglio 2021  
Parma

Agosto | August

### SMDH5

- Magnetic tape encoder.
- Incremental contactless sensing.
- Virtually infinite shaft diameters possible.
- Direct installation on customer mechanics.
- IP67, unsensible against dust and liquids.

Settembre | September

### SMA3

- For long measurement lengths up to 20 meters.
- Magnetic absolute linear encoder.
- Resolution up to 0,5µm.
- BiSS-C, SSI & incremental output.

Ottobre | October

**interlift**

THE HOME OF ELEVATORS  
19 - 22 October 2021  
Messe Augsburg · Germany

Novembre | November

**sps**  
smart production solutions  
23 - 25.11.2021  
Nuremberg, Germany

SPS SMART PRODUCTION SOLUTIONS  
23 - 25 November 2021  
Nuremberg · Germany

Dicembre | December

### AMM5

- Absolute KIT-encoder for robotics.
- Precise optical sensing.
- Real multiturn counter (battery-less).
- BiSS-C, SSI, RS485 & incremental output.
- Through hollow shaft.
